Using the Touchscreen with Cooking
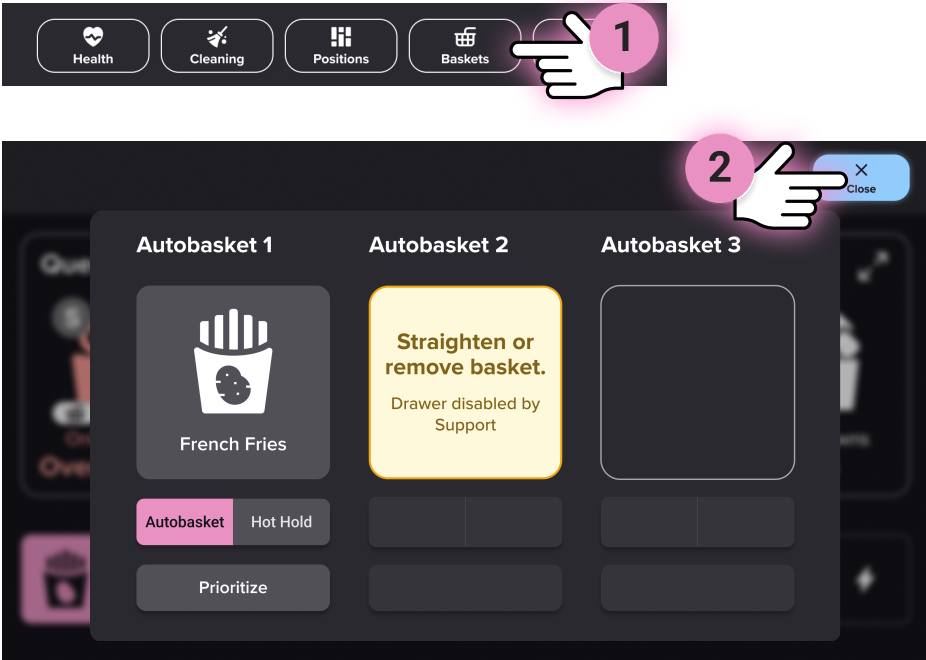

Dispenser
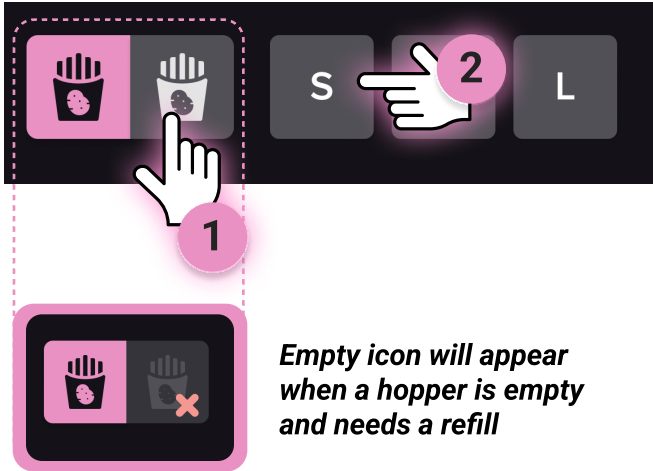

1	Select dispenser product
2	Tap the correct size button.

*Avoid Delays by keeping your hoppers full with the correct food items!*

Empty icon will appear when a hopper is empty and needs a refill

Autobasket

1	Select the Baskets button
2	Tap on the X button to close

Flippy will display in the drawer if there's an error with an autobasket.

Cooking Preferences

1	Change what food type is in a basket
2	Select the food drop off location
3	Change the doneness level of the food
4	Prioritize this order over other orders that have yet to start cooking
5	Cancel this order
